Dear Dr. Baranoff,

On behalf of the students and families of St. Elmo Elementary School, thank you for the recent donation of school supplies from For The Children. As a Title I school with over 90% of our students coming from low-income families, we rely on the annual For The Children school supplies donation to provide basic school supplies for many of our students.

We appreciate your support as we work to fulfill our school's mission:

*"St. Elmo parents, educators, and community will work as partners empowering our students to develop into responsible contributing members of a global society."*

Sincerely,
